

Company

Some of you have asked what the difference is between the company groups (Fame, Pizzaz, Glamour, Shine, Glitz and Company Prep)? We first want to reiterate that the groupings were made with the girls best interest in mind – our goal is to place them in an environment that is positive, supportive, and is a best fit for their talent level and maturity so that they are best positioned to accomplish their goals. The factors we considered when making the company selections included: maturity level, stage presence, dance technique, musicality, ability to work with others, commitment level, previous attendance (if applicable), attitude, respect level, and desire for new information.

Every child is a part of the All About Dance Company and all groups will be treated equally within the Company. While we are giving you criteria that we look for in each group of dancers we do want to refrain from over publicizing a system of hierarchy among the groups. We believe that the spirit of the Company is to recognize and reward the girls for their dedication and passion for dance. We encourage the kids to feel proud of the fact that they are in the Company and focus on improving their own individual technique to achieve their goals. We recognize that there is a social element that develops among the Company and that the kids want to be with friends. We encourage the kids to treat everyone as a family member without regard to their company affiliation and know that they will become friends with everyone (they are all a part of the larger AAD company family). We ask that the parents trust that we have acted with your child's best interest in mind and assure you that we are focused on embracing every one of the kids as we hope to increase their self confidence and prepare them to take the world by storm. We promise to create the best environment possible, filled with love, support and wonderful dance education. We would like the kids to appreciate each other's dancing as supportive peers and see the Company as a group of dancers working together to ultimately fine tune their skills.

Thank you for your support and help with this matter. We are looking forward to a strong year watching new friendships form, growth in technique and many dance performances!!!!

Sincerely,

Jessica Goldman, Kate Louer, Shannon Westveer, Jacqueline Howard, Whitney Burton, Jessica Ortega, Meredith Schultz
